ACKNOWLEDGEMENT

This project work has been the most practical and exciting part of our learning experience, which would be an asset for me for us future carrier. This project would not have been possible without the kind support of many people. We take this opportunity to acknowledge that, who has been the great sense of support and inspiration thought for us PROJECT'S SUCCESSFUL ACCOMPLISHMENT.

No system is created entirely by an individual. Many people have helped to create this system and each of their contribution has been valuable. Proper organization of concept and analysis of the system is due to keen interest and helping hand of our lectures and colleagues.

Our sincere thanks to our principal **MR. JATIN VAIDHYA**, for melding our thoughts and vision towards all the subjects.

We deeply thankful to **MRS. POONAM FALDU (HOD-CE),** who was a constant source of inspiration not only during this project, but also in other subjects, spent in pursuing our diploma at our college.

Our most sincere thanks to my Project Guide **URVASHI PARMAR (INTERNAL GUIDE)** for their kind co-operation and for guiding, encouraging and motivating us throughout the project.

We also greatly thankful to the entire COMPUTER DEPARTMENT STAFF MEMBERS who have helped us in completion of this project directly or indirectly.

ABSTRACT

- Book Forever is a Online Shopping Platform project. It helps a Customers to easily buy Books, novels etc, directly from Seller.

- This also allows customers to directly buy/sell or Exchange book without any mediator disturbance.

- In our project we provide platform to seller and buyer. So seller can upload all the information of his/her book. Buyer can able to see all the details of book which is uploaded by seller. So it provide C2C (customer to customer) relationship.
